STATE OF KANSAS
2/19/2007

FEDERAL FY 05

Interest –

Title I and Title II money:

All interest earned from July 2003 through June 2005 on Title I and Title II money was deposited in our HAVA Title I fund (our master HAVA fund). Interest for that time period is reported on our Title I reports. Beginning in June 2005, we began having interest reported per each federal appropriation; thus, Title I and Title II interest is now tracked separately and will be reflected as such starting with this report. From June 05 through the end of FFY 05 interest earned is \$232,349.62.

5% State Match: appropriated \$218,994.82, interest earned \$10,443.07

Money appropriated for HAVA State Match in Federal FY05 was \$218,994.82. Kansas' state match is broken down into 3% State, 2% County. In Federal FY 05 we earned \$10,443.07 interest on our 2% County portion. There was no interest earned on the 3% State portion. The State does not allow interest on general fund appropriations without specific statutory authority. We do not have that authority but will be working with the appropriate state entities to try to resolve the issue.

Interest earned in FFY 03 - \$99.17

Interest earned in FFY 04 - \$1,502.65

*Interest earned in FFY 05 - \$10,443.07 (report year)

No equipment purchased during reporting period.

*We did not realize until now (4/25/07) that our state fiscal year 06 statewide CVR encumbrance was actually part of Federal fiscal year 05. We have now made this change to our amended FFY05 Title II report. Please replace the old sf269 and supporting documents with this one. Thanks!
